Hi all,

Thanks again for all the work in getting the public announcement of the Board out the door. I've gotten a lot of positive notes today, which are always nice to read.

This afternoon I did start receiving a fair amount of blowback (accusing DHS of being the "Ministry of Truth" etc., lots honing in on 'Russia' in the Politico blurb) and some abuse (which I expected and I'm used to).

However, given tenor of the discourse and those that are sharing it, I wanted to make everyone aware there is a fair possibility this could escalate and end up on a hostile TV network in the coming days. I

would recommend (b)(5)

Certain people will never get behind the Board’s mission, but I feel it would behoove us to share a little more detail and help us steer the ship in the coming weeks, particularly ahead of briefing Congressional staff.

Happy to jump on a call to chat through if you’d like.

Hi folks,

Here's what we put together from the mats we've churned out over the past few weeks, including two points pushing back on attacks on me at Erin's request.

Also, pasting below the Q&A that [@Lamote, Jason](#) put together for S1 testimony before Senate Judiciary tomorrow (this is also primarily compiled from yesterday's briefing doc).

Subject: FYSA- DGB announcement blowback

Hi all,

Thanks again for all the work in getting the public announcement of the Board out the door. I've gotten a lot of positive notes today, which are always nice to read.

This afternoon I did start receiving a fair amount of blowback (accusing DHS of being the "Ministry of Truth" etc., lots honing in on 'Russia' in the Politico blurb) and some abuse (which I expected and I'm used to).

However, given tenor of the discourse and those that are sharing it, I wanted to make everyone aware there is a fair possibility this could escalate and end up on a hostile TV network in the coming days. I would recommend (b)(5)

(b)(5)

(b)(5)

Certain people will never get behind the Board’s mission, but I feel it would behoove us to share a little more detail and help us steer the ship in the coming weeks, particularly ahead of briefing Congressional staff.

Happy to jump on a call to chat through if you’d like.

Subject: RE: Time for a quick call tonight?

Hi all: Sarah is offline for a bit. Here is the information our press team has been providing to reporter inquiries on background. This is the fact sheet that we prepared.

On background, attributable to a DHS spokesperson:

DHS Launches Disinformation Governance Board to Coordinate Counter-Disinformation Activities

Disinformation poses significant and increasing risks to homeland security, including by fueling terrorism and targeted violence. The spread of disinformation can affect border security, Americans' safety during disasters, and public trust in our democratic institutions.

Recognizing this elevated threat and the need to ensure that we are leveraging our resources efficiently and responsibly, DHS created the Disinformation Governance Board (DGB) to coordinate activities related to countering disinformation with a homeland security nexus. Through the DGB, DHS will ensure that its efforts to address disinformation with a homeland security nexus are conducted in ways that protect privacy, civil rights, and civil liberties. The DGB will also ensure that DHS is efficiently leveraging all available resources and capabilities to mitigate and counter disinformation with a homeland security nexus, consistent with its authorities and applicable laws.

The DGB's immediate areas of focus are as follows:

- **Irregular migration:** The DGB is supporting DHS's work to counter disinformation spread by human smugglers that prey on vulnerable populations attempting to migrate to the United States. These smugglers, many of whom are part of transnational criminal organizations, make a profit by spreading false information that endangers lives.
- **Russia:** In February 2022, President Biden designated DHS to stand up a Unified Coordination Group (UCG) to ensure a unified federal response to domestic preparedness efforts related to the current Russia-Ukraine crisis. The DGB is supporting the UCG's efforts to monitor and prepare for potential disinformation threats to U.S. critical infrastructure.

In tandem with these efforts, the DGB is reviewing the Department's internal capabilities, resources, authorities, and programming, as well as streamlining and enhancing related relationships within other federal agencies, the private sector, and research community.

The DGB is led by Executive Director Nina Jankowicz, and co-chaired by Under Secretary for Policy Rob Silvers and Acting Principal Deputy General Counsel Jen Daskal. The Board is composed of leaders from the Departments' Cybersecurity and Infrastructure Security Agency (CISA), Federal Emergency Management Agency (FEMA), U.S. Customs and Border Protection (CBP), Office of Intelligence and Analysis (I&A), Science and Technology Directorate (S&T), Privacy Office (PRIV), and the Office for Civil Rights and Civil Liberties (CRCL), Office of the General Counsel, and Office of Strategy, Policy, and Plans.

Hi all,

Wanted to keep you up to speed on Congressional engagement tomorrow. At 3 and 4 pm we have virtual briefings with staff from our appropriating and authorizing committees. (We may be missing a few from House Approps, but we will make them up next week if they can't make it.)

Liz, Andy and I just ran through the show flow with Jason Lamote and he was pleased; we feel confident in our factual, demystifying, nonpartisan approach to describing the Board, its mission, DHS MDM authorities, and our short-term plan for activities. We will highlight that the DGB is not an operational Board and will support Components.

We will be sure to get you a readout afterward.

Thanks everyone- appreciate the effort that went into turning this around. What we have looks good to me.

Sam asked earlier on the phone if I'm ok being mentioned in the fact sheet etc- this is definitely fine with me and I don't think it will have an impact on the volume of stuff I'm getting at this point.

Will check in early tomorrow. Thanks again.

Heard this feedback elsewhere today – on governance as well as board which often implies external parties are involved, decision making abilities, etc. Seems more accurate to call it a ‘coordinating group’ or something like that though I appreciate adjusting course at this point might not be feasible or advisable.

I also thought the conversations went well.

I would echo that there is definitely a hunger from staff for more concrete information (charter, fact sheet, etc.) Rob and I just chatted (and obviously we should review the charter again in light of events), but it is a pretty meticulous document and we both feel it would be helpful to release (so long as we have whatever clearance is necessary).

I appreciate all the work that happened over the past few days (and everyone's support) and am confident the worst of this will die down over the weekend. I look forward to putting the rubber to the road and getting back to work on these important issues once it does.

The Department of Homeland Security just announced the creation of the United States' first ever 'Thought Police,' called the "Disinformation Governance Board," unabashed and emboldened in their hatred of freedom and just let latest example of the contempt that Jews controlling the Biden Whitehouse have for ordinary Americans put into action. Now, Jewish radicals like Alejandro Mayorkas, Sec. of Homeland Security, have assigned the task of punishing "purveyors of disinformation" (i.e. people who challenge the insultingly and blatantly dishonest narratives of the power structure) to heavily armed and militarized agents hired to fight terrorism.

The creation of the Disinformation Governance Board coincides almost perfectly with Elon Musk taking controlling ownership of Twitter and vowing to allow free speech and not censor people based on their viewpoints. Allowing constitutionally protected free speech on social media platforms is evidently a disaster scenario for the ruling regime, whose power and authority can only be considered legitimate by a sub-majority percentage of the population when the outlets of information are completely controlled and biased in favor of the regime's agenda. They have all of the real power in our country, yet they are terrified at the thought of not being able to censor and deplatform anyone who exposes their lies and threatens their narrative control.

As is the case with many of the most powerful Secretaries in Biden's cabinet, DHS Secretary Alejandro Mayorkas is Jewish. In what may come as a shock to some of you or a familiar groan of "every single time" to others, the Jewish head of DHS has named three Jews as the "co-chairs" of the governance board. Mayorkas appointed:

Jennifer Daskal - principal deputy general counsel at Homeland Security

Robert Silvers - under secretary for policy at Homeland Security

Nina Jankowicz - global fellow at the "Wilson Center"

Daskal, Silvers and Jankowicz are all Jewish. Thus far, everyone involved in both appointing the thought police board and named to chair the board is a Jew.

Based on this easily observable reality, it would be a totally fair and accurate statement to say that "America's new federal speech police was created by a Jew and what is determined to be truthful or factual vs. what is deemed dangerous disinformation is decided by an unaccountable board of openly biased Jews."

Based on the public statements of Mayorkas and his thought policing appointees, the above statement is completely accurate and supported by sources and quotes. Yet, reading the mainstream news and reporting on it through this filter would without a doubt be deemed dangerous disinformation by these people.

The same people in the media who say that Twitter being owned by a straight white man poses a danger to women and minorities would call you dangerous for saying that there shouldn't be a government agency that polices protected speech and that having such an unconstitutional and draconian agency is wrong no matter what, but especially scary and suspicious when such a creation is controlled entirely by Jews, a tiny but disproportionately power minority with open biases and that is not representative of the average citizen.

Subject: Revisiting DGB Board Meeting Agenda and Docs

Hi all,

With everything that happened over the last week I have revisited and revised our suggested agenda for the Board meeting. Looking forward to discussing the below with you tomorrow.

Changes to Agenda:

(b)(5)

Other considerations for meeting:

(b)(5)

docx icon Principles document:

- As discussed on our call with Isa and Kristie, this will need FO edits before it is released publicly. We should try to circle up on this asap so we have time to distribute it as a readahead.

(b)(5)

docx icon Capabilities Review Document:

- This sets out the results of interviews we conducted during the first 6 weeks of my tenure and the gaps/opportunities they laid out. Ideally Component heads will have digested this document ahead of the meeting and will be providing feedback as it will govern our workplan.

I think that's everything on my mind. Thanks and looking forward to hammering out the plan!

Hi Rob and KelliAnn,
I hope that this finds you both well! With the recent announcement of the misinformation, disinformation governance board, we would welcome the opportunity to meet and discuss the goals and how we can be most helpful in achieving them.

I have copied my partner from YouTube on the email as we would like to bring our enterprise to this meeting for a thorough and thoughtful conversation.

Please suggest a date/time that is good for your schedule.

Hi Nina,

Nice to meet you. I asked our mutual friend (b)(6) for an introduction and he shared your email.

(b)(6)

Congrats also on your leadership of the Disinformation Governance Board. I know some people are wary of this initiative, and that there will be caricatures and misunderstandings of what you're doing. I also know some people are wary of Substack, with a degree of caricature involved too. So I wanted to reach out to you directly and see if you'd be willing to talk, away from the frenzy and tribalism of online discourse. I'd really value the opportunity to get to know you better regardless.

If you're down, let me know what might work for you?

Thanks so much,
