Amos,

I just wanted to send you a quick note to thank you for taking time out of your day to meet with Vadym Pozharskiy of Burisma.

I know that Vadym really appreciated the meeting and I thought it was one of the best discussions we have had over the past few days. I know that Vadym looks forward to keeping in touch and to providing you with real time updates about developments on the ground impacting Ukraine's private sector gas industry. As we discussed today, Burisma and Ukraine's other independent gas producers are looking to do all that they can to help Ukraine stand up to its looming energy crisis.
