No worries. No, please don't cancel. You can have the Karloutsoses and I'll reach out to the others. Sounds like a great project.

Will we see you at the WH?

I just asked father Alex and Michael to come - very specific ask to help with food security issues in the region- 7:30. I'm trying to get help starting a innovation lab at CSIS. Michael was going to bring big Greek shipping guy who moves a lot of cargo in the region. If I'm messing up your plans let me know and I'll cancel.

Hunter,

I've heard through the "Greek grape vine" that you might be hosting a dinner April 16 after the White House event.

I was looking to put a dinner together that night as well, but didn't want to pull folks away from yours, as I know our Greek worlds include many of the same "characters" (Karloutsos, Tsunis, Chanos, Mehiel, etc.)

Could you let me know?

best,
Mike
