Vadim,

Thanks again for sharing this very positive development!

David and I just wanted to circle back to let you know that we have shared the press release on Burisma's partnership with USAID with all of the U.S. Government officials we met with in July. We are anticipating very positive reactions and will be certain to share any feedback we receive.

Best,  
Georgette

Fantastic news Vadim. You should absolutely mention this when you meet with the Economist writer this week. Excellent stuff.

Vadym,

It is great to hear from you and to learn of this Burisma-USAID partnership. I hope it is successful and please continue to keep us informed of any developments.

Best,

David

Dear all,

I would like to let you know that following my working visit to Washington DC, our Company has started cooperation with the USAID Municipal Energy Reform Project in Ukraine which aims to promote energy efficiency and decrease Ukraine's energy dependence. We believe that our joint work will make a substantial difference for reforming our country.

Thank you all for being a part of our effort. Please, see a link to the press release we've issued on our official website in this regard: <http://burisma.com/en/article-9.html>.

Best,

Vadym
