Subject: RE: Draft - Dear Colleague re Security Information for January 6 Joint Session

Kathleen,
A couple of suggestions:

- Can you please specify those who usually park on the plaza will have access to the garages?
- Can you specify the time session begins when you ask members to arrive as early as possible?
- Can you eliminate the two sentences that reference official business visitors and where to meet them? If as we discussed earlier we are not allowing guests it sends a mixed signal especially after saying buildings are closed to the public. Does that make sense?

Thanks very much.
