A few updates:

- Your book has been sent to the residence. It includes everything we have discussed except the Christians memo.
- The Christians memo is being finished now and will be sent by 11:00pm tonight (but will likely reach you in the early morning).
- I spoke with Tony about the memos. Incidentally, a number of memos to the President were delivered to us on Sunday and Monday; those have all been included in your book tonight.
- The Israel memo is in your book tonight.
- The call sheet for Polish PM Tusk is in your book tonight.
