In March, WFO articulated the following investigative plan (serial 21), which was also conveyed to DOJ.

To date:

[REDACTED] but the investigation has developed little information related to culpability for the actual mishandling of classified records. WFO has sent off the recorded records for OCA review.

Additional logical investigative interviews and steps that have been sought:

[REDACTED]). Identified as a person who may have knowledge of additional records at Mar a Lago. So far, has not been responsive.

- Body Man [REDACTED] FBI awaiting [REDACTED] attorney) Identified as a person who may have knowledge of additional records at Mar a Lago.

- WFO has repeatedly asked DOJ to facilitate read ins with WH GC [REDACTED]. That request remains outstanding.

Other Options for Resolution

- * Ask to speak to FPOTUS/Counsel [REDACTED]

- * Request DOJ to contact [REDACTED] regarding new material witness information [REDACTED]

[REDACTED] A reasonable step would be to recontact the attorney and inquire about any further documents. WFO has made numerous suggestions to DOJ over the course of this investigation that the most expedient way to ensure recovery of all classified documents would be to go through [REDACTED] DOJ has persistently disagreed.

- * [REDACTED]

[REDACTED]

[REDACTED] WFO has been rebuffed in this request by DOJ.

WFO does not believe (and has articulated to DOJ CES), that we have established probable cause for the search warrant at Mar a Lago. DOJ has opined that they do, requesting the a wide scope including residence, office, storage space.

Finally, if the goal is to identify and recover classified records quickly, so as to protect the information, the 5 weeks spent fixated on probable cause for a search warrant have been counterproductive.

Other

*DOJ has inquired as to an Ops Plan for a SW of MAL. WFO relayed that we are not in agreement for PC on the SW. WFO has an Ops Plan in place that will can be quickly updated between FBI/MM and FBI/WF, however, WF/CI-12 does not believe we have PC for the 45 Office or the bedroom due to recency and issues of boxes versus classified information. Therefore, as we are in disagreement on the SW and its scope, we are not yet finalizing a SW as we are missing relevant logistics and details.
